Daily Operations

YOU *TOOLS.. Confidence*

COACHING GROUPS BUILD CONFIDENT MANAGERS

for Auto Repair Shop Owners and Staff

- Define confidence in you own words
- What do you have to do to become a confident manager?
- What does each of your staff members need to do to be come confident?

**YOU NET
RESULTS**

Daily Operations

YOU *TOOLS.. StoryBrand.. BrandScript*

- At You Net Results, we know that you want to be a fearless auto repair shop owner. In order to do that, you need business coaching to become confident. The problem is lacking the know-how to build that confidence, which is making you feel frustrated.
- We believe you should not only be successful, but also that you should define what success looks like for you. We'll help you get there!
- We understand how you can be frustrated, and we care how you win the day. We've been there, amassing 25+ years in auto repair business operations experience.

YOU NET
RESULTS

Daily Operations

YOU **TOOLS.. Silent Thief**

How long are you going to let **Silent Thieves** rob your automotive repair shop? With **Poor**:

- Leadership and Management Processes
- Front Counter Processes *How-to Manual
- People Staffing Processes *Daily Operations
- Financial Processes
- Do **YOU** need to stop the theft of your future?
- Are **YOU** willing to do what it takes? If **YOU** don't fix the **silent theft** – **YOU** might as well put the key under the door...and not come back tomorrow!

**YOU NET

Daily Operations

Many have discovered in the past...

- Daily Operations can be a process!
- Daily Operations can be learned!
- Daily Operations can be taught!
- Daily Operations can be “FUN”!
- Daily Operations can be systemic!

**YOU NET
RESULTS**

Daily Operations

YOU *TOOLS*

It's easy to build a Daily Operations process but
it's easy not to!

How-to build Your Daily Operations Process

6 Steps

1. Thinking
2. Words
3. Action
4. Habits
5. Perseverance
6. Attainment

YOU NET
RESULTS

Daily Operations

YOU *TOOLS*

- Processes and Systems run your business...
written or unwritten
- People run the Processes and Systems
- Making your business process and systems
dependent - **Not** people dependent - **Is** the
major objective of the Manager

**YOU NET
RESULTS**

RESULTS

Daily Operations

YOU **TOOLS**

What is your TurnAround Point in your
Daily Operations?

- What do I need to learn?
- What do I need to implement?
- What is your strategic thinking?
- What is your tactical thinking?

**YOU NET
RESULTS**

Daily Operations

YOU *TOOLS*

Understanding what your product truly is

- 1. Relationships
- 2. Knowledge
- 3. Financial
- 4. Repairing Vehicles
- 5. Experience
- 6. Branding
- 7. Safety
- 8. Warranty
- 9. Trust
- 10. The end results

YOU NET
RESULTS

Daily Operations

YOU *TOOLS... PPSS*

Define each of these

- Pathway
- Process
- System
- Step

**YOU NET
RESULTS**

Daily Operations

YOU *TOOLS*

- How do we **prepare?** OCP / BCP / CBP
- How do we **audit?** OCP / BCP / CBP
- How do we **rehearse?** OCP / BCP / CBP
- How do we **present?** OCP / BCP / CBP

**YOU NET
RESULTS**

Daily Operations

YOU *TOOLS*

What would you say was the number one reason for having a Daily Operations Process?

1. Buying mood

Pick One

2. More money

Why?

3. Lifetime client's

4. Business concept

YOU NET
RESULTS

Daily Operations

YOU ***TOOLS***

Thinking Time

- What could you do at your auto repair business to raise your prices by **20%**
and
- be confident you could keep all your customers and gain new ones?

Daily Operations

YOU *TOOLS*

Building Estimates for Profit - 2

- Make sure it is accurate labor time (techs or SA), consult more than one labor source, Mitchell, All Data, Technicians, past estimates, accurate parts cost can we get it?, look it up yourself, from the parts supplier, parts matrix used, favorite parts person, make sure technician can beat the time, give right technicians the right work, broke parts possible, unseen parts needed, age and vehicle condition you may elect to add additional time per labor operation, by not using the SWAG method,

**YOU NET
RESULTS**

Daily Operations

YOU *TOOLS*

Building Estimates for Profit - 3

- Ad 1/10 for technician and 1/10 for the house per job and then discount the parts if needed, parts could be the most price sensitive, price issue is mostly with the SA or owner, owner's cutting deals with clients, hire true sales people who enjoy the process, set goals sales revenue and hurdles to meet on margins, maximum bay turns, parts available assurance, order parts prior to the job being sold, going by Mitchell verify other sources, integrated software with job estimation parts and labor, price, availability, procedure time, order parts, owner's

**YOU NET
RESULTS**

Daily Operations

YOU *TOOLS*

Building Estimates for Profit - 4

- Pay more to get now to get the bay turn, canned or standard task job pricing, rear brake job with labor plus parts, true menu pricing jobs cabin air filter plus parts, the real log jam is the estimating of jobs
