- ***No Reverse...By Gary Gunn***
- I want to share this story with you to make a point.
- The first time I saw her, I fell in love. She was a beauty - Sleek – Clean - Radiant. As soon as I spied the 1962 Ford Thunderbird at the used car lot, her shiny exterior and killer interior beckoned me. I knew this was the car for me. So I plunked down \$800 and purchased my first car.
- But there was a problem lurking inside my prized possession. A few months after I bought my T-Bird, it suddenly became particular about which way I could go. It allowed me to go forward, but I couldn't go backward. The T-Bird had no reverse.
- Although not having a reverse is a problem in a car, sometimes it's good for us to be a little like, my T-Bird. We need to keep going forward without the possibility of putting our business into reverse.
- We need to press forward to our dreams and goals. If you feel you're in reverse in your business thinking, actions, behavior, attitude, spirit, staffing, advertising, habits, dreams and visions. Perhaps a new perspective will get your T-Bird moving again.
