Leadership is about getting someone to do something for themselves

Management is about getting someone to do something for you

Leadership is about, you know, well, in short it's about love it's FREE

Management is really about manipulating people

- *No Reverse...By Gary Gunn*
- I want to share this story with you to make a point.
- The first time I saw her, I fell in love. She was a beauty - Sleek – Clean - Radiant. As soon as I spied the 1962 Ford Thunderbird at the used car lot, her shiny exterior and killer interior beckoned me. I knew this was the car for me. So I plunked down \$800 and purchased my first car.
- But there was a problem lurking inside my prized possession. A few months after I bought my T-Bird, it suddenly became particular about which way I could go. It allowed me to go forward, but I couldn't go backward. The T-Bird had no reverse.
- Although not having a reverse is a problem in a car, sometimes it's good for us to be a little like, my T-Bird. We need to keep going forward without the possibility of putting our business into reverse.
- We need to press forward to our dreams and goals. If you feel you're in reverse in your business thinking, actions, behavior, attitude, spirit, staffing, advertising, habits, dreams and visions. Perhaps a new perspective will get your T-Bird moving again.
